

Product Information

It is the versatility of the **PT-18** that makes this machine so popular.

The automatic release mechanism will ease the production flow for the customer with high volume, whilst the clam action design of the machine will appeal to customers with low to medium volume production too.

The machine has an easy to use microprocessor controller for time and temperature accuracy, together with fingertip pressure control.

The **PT-18** has a work area of 38 x 38 cm.

The **PT-18** bears the CE Marking.
